Dear Sir -

I cannot speak highly  
enough of your Company -

I have been treated with

kindness and consideration from the

receptionist who took my first telephone  
enquiry, the person who came to Plan

and measure up for a check lift,  
the electrician who come to install a  
power point to structure Jordan  
who come to day to install the  
lift. They see oh wonderful

and

now we shall put the lift to the rest.  
when we try this evening to get my  
I washed husband into the lift and  
upstairs to bed -

At his head to sleep  
announcements for a couple of weeks -

With heavy thanks to you all -  
Yours sincerely - Joan Marshall
